The **Future Village Foundation** was established to support the education of impoverished children in rural Nepal. It was started by 7 volunteers from Barclays Singapore in 2010 to conduct English teaching to local children in a remote mountain village in Nepal. The foundation was registered as Not-for-Profit entity in Australia in 2011 and its aims are:

- Provide basic education to children in rural Nepal.
- Provide clean energy and improve infrastructure
- Improve health and sanitation conditions

There have been 8 teams till 2012 including more than 40 volunteers visiting local projects to improve the conditions on the ground. The key achievements are:

- Provided scholarship to 20 students, each receives 5 year basic education sponsorship
- Funded the teacher salary for 5 teachers in 2 projects and provided stationery to schools
- Funded the construction of 2 new classrooms and school toilets, set up library and books donation
- Installed solar panels in local education center and schools to provide lighting and clean energy
- Provided free dental service to 120 villagers and sponsored toilet building to 5 local families

The project website: <http://futurevillagesociety.weebly.com/index.html>

Feedback from our volunteers:

In rural Nepal, there are few roads and fewer vehicles. It is common for a child to walk 3 – 4 hours each day to get to and from school. There is a desperate need here, in one of the world's poorest countries, for more school buildings to be funded.

- Zara Balfour from Jacaranda filming team, British, Apr 2012 team

I brought books, clothes and reading material to Nepal for the children and I took back peace, satisfaction and a broader mind. I think that was a great exchange!

- Subashini Ramalingam from Barclays EM Asia Rates Trading, Indian, May 2012 team

The cliché that you need to get lost in order to find yourself absolutely applies in this place. The word wondrous is not an apt enough description. Nepal is India on Valium. It is Bhutan on methamphetamines. It is a place that will forever be in our hearts.

- Peter Hepenstall from Barclays Risk and Environment Management, Australian, Oct 2010 team

This volunteer experience in Nepal was one of the best of my life. The combination of natural beauty, wonderful people, the serenity, the amazing night skies with a billion stars, the freshness of the air and the energy is something very unique to Katunge.

- Vinayak Doraiswamy from Barclays Technology, Indian, Oct 2010 team
